# GENERAL POINTS

## 1 GENERAL POINTS

### 1.1 Important safety information

#### 1.1.1 General attentions

#### ATTENTION

- This manual contains important safety instructions and attentions. All users should read this manual carefully so that they can use the saddle sensibly and safely.
- This manual is an integral part of the saddle. It must therefore be kept carefully for future reference and must always accompany it even if it is transferred to another Owner or User.
- For anything not stated here or in case of doubt, please refer to the bicycle manual or contact the bicycle manufacturer/Selle Royal.

#### 1.1.2 Prohibitions

#### PROHIBITED

- DO NOT allow children below 8 years of age to use the saddle. The saddle may be used by children of at least 8 years of age and by persons with reduced physical, sensory or mental capacities, or who do not have the required experience or knowledge, provided they are supervised or have been instructed in safe saddle use and understand the inherent risks.
- DO NOT allow children to play with the saddle.
- DO NOT allow unsupervised children to carry out cleaning or maintenance intended to be carried out by the user.
- DO NOT continue bodily contact with the switched on saddle for longer than 8 hours.

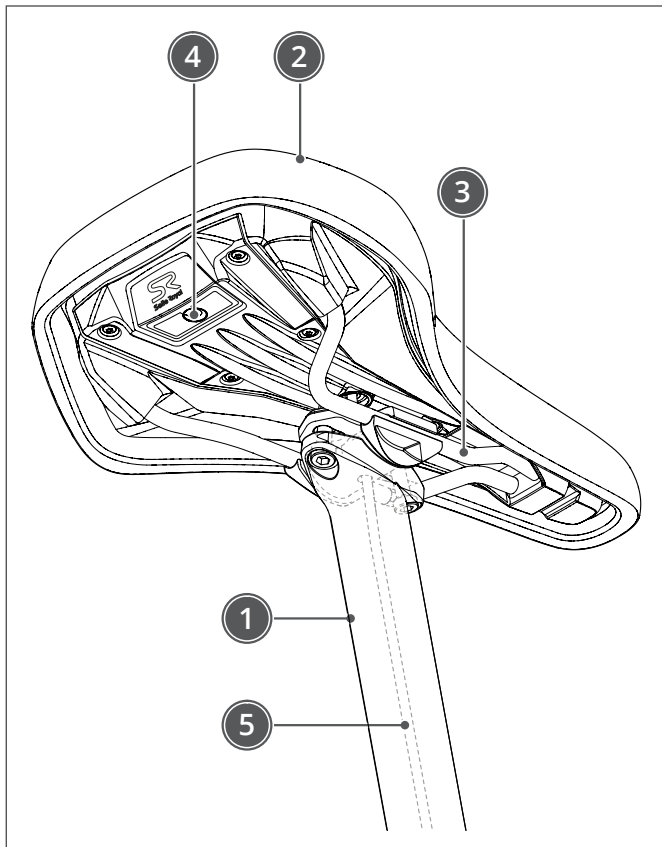

# OPERATION

## 1.2 Compliance

The CE marking on the saddle certifies its compliance with the following EU Directives, whose essential requirements it meets:

- Directive 2014/35/UE: "Low Voltage Directive".
- Electromagnetic Compatibility (EMC)
  - IEC 61000-6-3:2020
  - IEC 61000-6-1:2016
  - EN IEC 61000-6-3:2021
  - EN IEC 61000-6-1:2019

## 1.3 Description

- 1 Seat post
- 2 Saddle
- 3 Saddle rails
- 4 Heating system on/off button
- 5 Heating system power cable

## 2 OPERATION

### 2.1 General Information

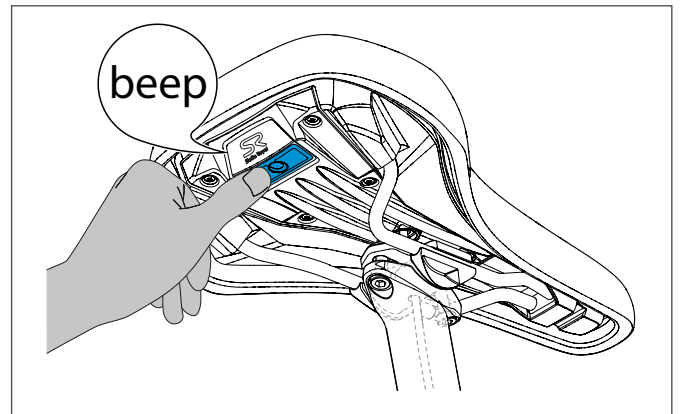

**ATTENTION**  
The saddle temperature is fixed, factory preset and not adjustable.

### 2.2 Switching on

**ATTENTION**  
The saddle must be switched on while the bicycle is stationary and the user is off the bicycle.

- Briefly press the button (4), which will light up.
- The saddle will (beep) briefly once to confirm it has been switched on correctly.

**ATTENTION**  
If the button (4) is pressed briefly again while the saddle is on, it will beep briefly to signal it is already on.

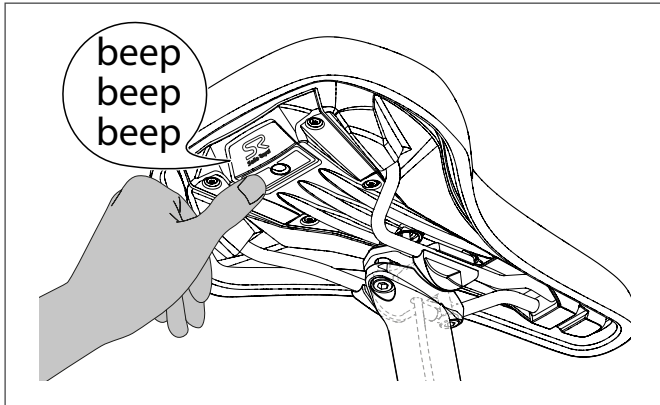

# OPERATION

## 2.3 Switching off

### ATTENTION

The saddle must be switched off while the bicycle is stationary and the user is off the bicycle.

- Press and hold the button (4), which will switch off.
- The saddle will (beep) three times to confirm it has been switched off correctly.

### ATTENTION

If the bicycle's general power supply is switched off, the saddle, if on, will switch off.

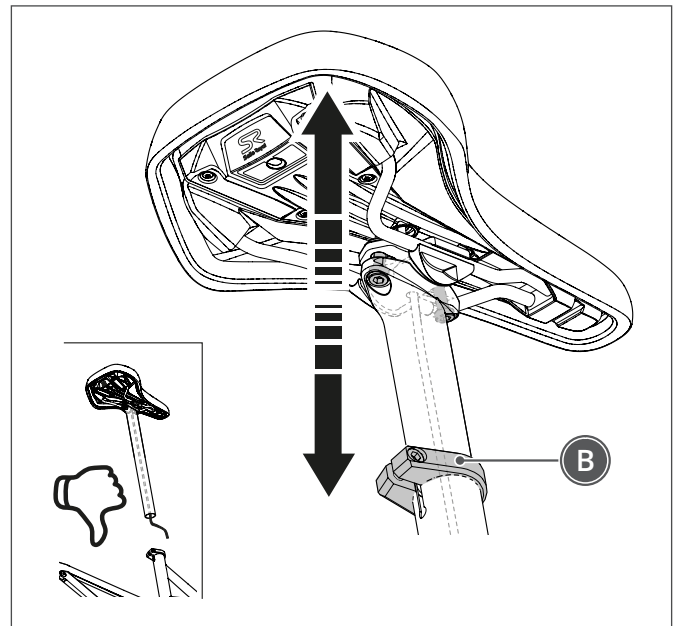

The next time the bicycle's general power supply is switched on, the saddle will stay off.

### ATTENTION

When adjusting and maintaining the saddle, never pull it out of the seat post as this could damage the saddle's power cable.

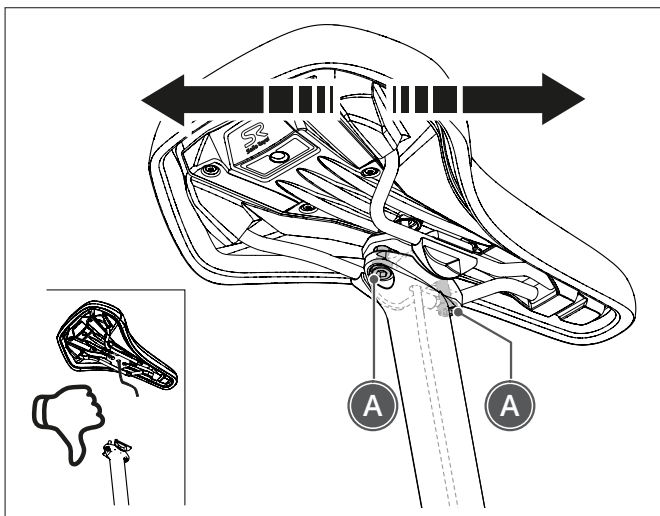

## 2.4.2 Height

- Loosen the clamp (B).
- Adjust the saddle height.
- Tighten the clamp (B) to the torque recommended by the clamp manufacturer.

## 2.4 Adjustment

### 2.4.1 Fore-aft

- Loosen the screws (A).
- Adjust the saddle position.
- Tighten the screws (A) to the torque recommended by the seat post manufacturer.

### ATTENTION

When adjusting and maintaining the saddle, never pull it all the way out of the seat post as this could damage the saddle's power cable inside the seat post.

### 3 MAINTENANCE

#### 3.1 General points

##### ATTENTION

- Before carrying out any maintenance work, deactivate the saddle heating system by pressing the button.
- If the saddle heating system malfunctions or fails, do not attempt to repair it and contact your dealer directly.

#### 3.2 Cleaning the saddle

##### PROHIBITED

Do not direct water jets towards the saddle while washing it.

The saddle must only be cleaned with a soft cloth and water.

Do not use abrasive detergents or cloths that could in any way damage the product.

### 4 DISPOSAL

#### 4.1 End-of-life disposal

Before disposing of the saddle, consult the regulations in force in the country of use and information on authorised recycling centres provided by the relevant authorities in your place of installation.
